

## ***Appendix 8 - Study programs at bachelor level (per university and faculty)***

### **1. Evolution of the Bachelor study programs number, per year**

## 2. Full-time Bachelor study programs, for the academic year 2011/2012

FACULTY	STUDY PROGRAM	PROGRAM CHARACTERISTICS	LEGAL STATUS	Program ranking category, in 2011 <sup>1</sup>
FACULTY OF AGRICULTURE	Agriculture	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Accredited, since 1995	A
	Plant Protection		Accredited, since 2010	A
	Biology	<u>Duration of studies:</u> 3 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Biology graduate	Accredited, since 2007	B
	Utilization of Machines and Equipments for Agriculture and Food Industry	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Provisional authorized, since 2010	C
	Land and cadastral measurements		Provisional authorized, since 2011	B
	Environment Engineering and Protection in Agriculture		Accredited, since 1994	C
FACULTY OF HORTICULTURE	Horticulture	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Accredited, since 1995	A
	Landscape Science		Accredited, since 2010	A
	Genetic engineering		Accredited, since 2005	A
	Forestry		Accredited, since 2009	A

<sup>1</sup> In accordance to document published by the MECS, regarding the study programs ranking organized by the accredited universities from the national education system according to the Article 193 of the National Education Law No. 1/2011 and the provisions of the Government Decision No. 789/2011 for the approval of the Assessment methodology for the universities classification and the study programs ranking: [http://chestionar.uefiscdi.ro/docs/programe\\_de\\_studii.pdf](http://chestionar.uefiscdi.ro/docs/programe_de_studii.pdf)

<b>FACULTY OF ANIMAL SCIENCE AND BIOTECHNOLOGIES</b>	Animal Science	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Accredited, since 1995	<b>B</b>
	Fish Farming and Aquaculture		Accredited, since 2009	<b>B</b>
	Agricultural Biotechnologies		Accredited, since 2002	<b>A</b>
<b>FACULTY OF VETERINARY MEDICINE</b>	Veterinary Medicine	<u>Duration of studies:</u> 6 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Veterinary physician	Accredited, since 1995	<b>B</b>
	Veterinary Medicine (in English)		Accredited, since 2010	<b>B</b>
<b>FACULTY OF AGRICULTURAL MANAGEMENT</b>	Economical Engineering in Agriculture	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Accredited, since 2010	<b>C</b>
	Engineering and Agri-tourism and Catering Management		Accredited, since 2010	<b>C</b>
	Engineering and Management in Tourism Industry		Accredited, since 2010	<b>C</b>
<b>FACULTY OF FOOD PROCESSING TECHNOLOGY</b>	Food Engineering	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	Accredited, since 1999	<b>B</b>
	Food Control and Expertise		Accredited, since 2005	<b>B</b>
	Consumer and Environmental Protection		Accredited, since 2005	<b>B</b>
	Extracts and natural food additives.		Accredited, since 2012	<b>B</b>
	Food chemistry and biochemical technologies		<b>Provisional authorized, since 2009</b>	<b>C</b>
	Food control and security		<b>Provisional authorized, since 2009</b>	<b>C</b>

**3. Distance learning/part-time Bachelor study programs characteristics, for the academic year 2011/2012**

<b>FACULTY</b>	<b>STUDY PROGRAM</b>	<b>PROGRAM CHARACTERISTICS</b>	<b>LEGAL STATUS</b>	<b>Program ranking category, in 2011<sup>1</sup></b>
<b>FACULTY OF AGRICULTURE</b>	Agriculture (PT)	<u>Duration of studies:</u> 4 years <u>Academic degree:</u>	Authorized, since 2010	<b>A</b>
	Environment Engineering and Protection in Agriculture (PT)	Bachelor of Science <u>Title:</u> Engineer	authorized, since 2010	<b>C</b>
<b>FACULTY OF HORTICULTURE</b>	Horticulture (PT)	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	authorized, since 2010	<b>A</b>
<b>FACULTY OF ANIMAL SCIENCE AND BIOTECHNOLOGIES</b>	Animal Science (PT)	<u>Duration of studies:</u> 4 years <u>Academic degree:</u> Bachelor of Science <u>Title:</u> Engineer	authorized, since 2010	<b>B</b>
<b>FACULTY OF FOOD PROCESSING TECHNOLOGY</b>	Food Engineering	<u>Duration of studies:</u> 4 years <u>Academic degree:</u>	Authorized, since 2010	<b>B</b>
	Food Control and Expertise	Bachelor of Science <u>Title:</u> Engineer	Authorized, since 2010	<b>B</b>
<b>FACULTY OF AGRICULTURAL MANAGEMENT</b>	Economic Engineering in Agriculture	<u>Duration of studies:</u> 4 years <u>Academic degree:</u>	Authorized, since 2010	<b>C</b>
	Engineering and Agri-tourism and Catering Management	Bachelor of Science <u>Title:</u> Engineer	Authorized, since 2010	<b>C</b>
